	Director, Medical Quality Improvement						

This table represents all healthcare relationships of committee members with industry and other entities that were reported by authors, including those not deemed to be relevant to this document, at the time this document was under development. The table does not necessarily reflect relationships with industry at the time of publication. A person is deemed to have a significant interest in a business if the interest represents ownership of e 5% of the voting stock or share of the business entity, or ownership of e \$10,000 of the fair market value of the business entity; or if funds received by the person from the business entity exceed 5% of the person's gross income for the previous year. Relationships that exist with no financial benefit are also included for the purpose of transparency. Relationships in this table are modest unless otherwise noted.

*No financial relationship.

†Significant (greater than \$10,000) relationship.

‡Dr. Nallamothu's relationship with Abbott Vascular (attended training for MitraClip) was added shortly prior to finalizing the performance measures, so it was not relevant during the development of the measures.

ABIM indicates American Board of Internal Medicine; ACC, American College of Cardiology; AHA, American Heart Association; AHRQ, Agency for Healthcare Research and Quality; AMA-PCPI, American Medical Association–Physician Consortium for Performance Improvement; BCBS, Blue Shield Blue Cross; CORAL Study, Cardiovascular Outcomes in Renal Atherosclerotic Lesions; DCRI, Duke Clinical Research Institute; DSMB, Data Safety Monitoring Board; GE, General Electric; NIH, National Institutes of Health; NCQA, National Committee for Quality Assurance; PCI, Percutaneous Coronary Intervention; SCAI, Society for Cardiovascular Angiography and Interventions; TRANSLATE trial- Treatment With Adenosine Diphosphate (ADP) Receptor Inhibitors: Longitudinal Assessment of Treatment Patterns and Events After Acute Coronary Syndrome; TIMI- Thrombolysis In Myocardial Infarction; VA, Veterans Affairs.
